

Pizza Party Update

Hello fellow Polidiots. The count on petitions was 223 signatures sent to DC. GOOD JOB!!! I know we have a few kinks to work out in this system but it was a great improvement over our last attempt. The numbers break down to (25) Ohio folks and (14) Kentuckians. Petitions have been faxed and mailed.

Thank you for signing the petitions at our recent members meeting. I want to let you know the amendments we were requesting support for were adopted in the appropriation bill. The pay parity amendment with 3.1% raise and a delay in the closure of the TAC offices, are now currently in our appropriation bill. We need to continue to monitor this as the appropriation bill makes it way to law to ensure that any challenges are met and turned away. I also want to let you know we received a call from Rep. Davis's office regarding the petitions. His office also shared they oppose the privatization of tax collecting. Thanks for your help.
